

2023 Counter-Terrorism Week

SIDE EVENTS

23 June 2023 • 1500 - 1630 EDT

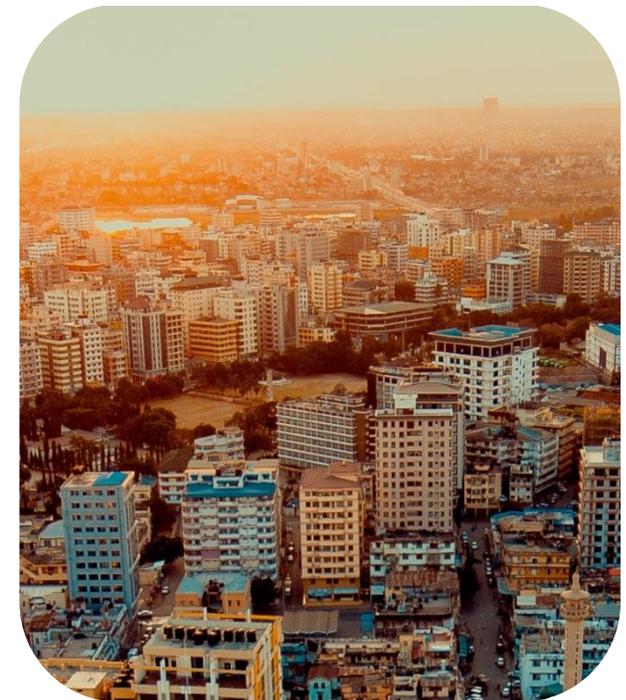

INVITATION

Leveraging the Potential of Cities in P/CVE: The Role of Mayors and other Local Leaders in Implementing the UNGCTS

Join the Strong Cities Network and European Union at our UN Counter-Terrorism Week side event on 23 June 2023 on the role of cities in preventing and countering violent extremism (P/CVE). The event provides mayors and other local leaders the opportunity to share experiences, good practices and challenges with preventing violent extremism, hate and polarisation in their communities. It will also highlight practical steps for enhancing the role of these important P/CVE stakeholders in UN and other multilateral dialogues on addressing the dynamic violent extremist threat environment.
