#COSP17

Permanent Mission of Djibouti to the UN

National Agency for Disabled Persons

Side Event: ANPH achievements: For more inclusion and autonomy

United Nations

June 12, 2024

CONFERENCE ROOM #7

1:15-2:30PM

Concept note

Background:

Since 2018, ANPH has prioritized key areas such as inclusion in education, data collection, technological innovation and accessibility to social services for perons with disabilities. This event will be an opportunity to present the achievements of ANPH in favor of the inclusion and autonomy of persons with disabilities in Djibouti, share knowledge and best practices.

Side Event Objectives:

- Provide more information on ANPH's strategic initiatives and their impact on the inclusion and autonomy of persons with disabilities.
- Present best practices and innovative approaches in inclusive education, data collection, technological innovation and housing for persons with disabilities.
- Encourage dialogue and collaboration with partner delegations to support the ANPH mission.

Scope:

Inclusive education and employment: ANPH prioritizes inclusive education and employment opportunities for persons with disabilities, ensuring equal access to quality education and facilitating integration into employment through initiatives and targeted partnerships.

Technological innovation : ANPH's promotion of the use of technology helps support the inclusion of persons with disabilities. Assistive devices, digital platforms and innovative solutions have a positive impact on access to services and autonomy for persons with disabilities in Djibouti.

Access to social services: ANPH focuses on improving accessibility to essential social services for persons with disabilities through partnerships and advocacy, ensuring equitable access to health care, education, employment and other essential basic services, thereby promoting inclusion and empowerment.
